*Certain information set forth in this document, contains forward looking statements including management's assessment of future plans and operations of Fairborne Energy Trust ("Fairborne"), the inventory of drilling prospects and potential drilling locations, future or anticipated production levels, the risk/reward potential of the portfolio of plays, recoverable reserves and recoverable reserves per well, drilling plans and the costs thereof, expected payout ratio, expenditures pursuant to the capital program and the results therefrom, the debt to cash flow ratio, tax horizon and potential reserves and resource potential. By their nature, forward-looking statements are subject to numerous risks and uncertainties, some of which are beyond these parties' control, including the impact of general economic conditions, industry conditions, volatility of commodity prices, risks associated with oil and gas exploration, development, exploitation, production, marketing and transportation, loss of markets, delays resulting from or the inability to obtain required regulatory approvals, inability to retain and delays in retaining drilling rigs and other services, currency fluctuations, imprecision of reserve estimates, environmental risks, competition from other industry participants, the lack of availability of qualified personnel or management, stock market volatility and ability to access sufficient capital from internal and external sources. Additional information on these and other risks that could affect Fairborne's operations and financial results are included in reports on file with Canadian securities regulatory authorities and may be accessed through the SEDAR website ([www.sedar.com](http://www.sedar.com)), or at Fairborne's website ([www.fairbornetrust.com](http://www.fairbornetrust.com)). Readers are cautioned that the assumptions used in the preparation of such information, although considered reasonable at the time of preparation, may prove to be imprecise and, as such, undue reliance should not be placed on forward looking statements. The actual results, performance or achievement of Fairborne could differ materially from those expressed in, or implied by, these forward-looking statements and, accordingly, no assurance can be given that any of the events anticipated by the forward looking statements will transpire or occur, or if any of them do so, what benefits that Fairborne will derive therefrom. Fairborne disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by applicable securities laws. BOE disclosure may be misleading, particularly if used in isolation. A BOE conversion ratio of 6 Mcf to 1 Bbl is based on an energy equivalency conversion method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead. Fairborne Energy Trust is a growth oriented, energy trust operating exclusively in western Canada. Fairborne's units are publicly traded on the Toronto Stock Exchange under the trading symbol "FEL.UN".*
